

Description of Services Provided by Chestnut Excavating

1. Skid Steer Work (\$1200.00) involved the cleaning and/ or establishment of drainage ditches along the entire Overlook Way. It also included "hot spots" (poor drainage areas) along connecting roads and intersections.
2. 40 hour dozer (\$1352.00) Rental cost for 40 hours of use of bulldozer including delivery and pickup of the bulldozer. The bulldozer was used for re-grading and the crowning of needed spots along the entire Overlook Way. It was also used for heavy ditch work which eliminated the need for three culverts along Overlook Way. It was also used for Heavy re-grading on a portion of Blueberry Hill Lane (one of our most poorly constructed side roads) It was also used to improve crowning and drainage "hot spots" on all side roads.
3. 44 Hours Labor Cost (\$880.00) of bulldozer operator including obtaining and hauling fuel and transfer of bulldozer from drop off point to work site and return.
4. Fuel Cost (\$376.46) Cost of fuel used by bulldozer and transport of fuel.
